Clothing Marking Procedures

This document will provide uniformed marking procedures for items brought from home to ensure all items, when laundered, are returned to the appropriate cadet. Please include your cadet’s property number (provided in an email with his Academy acceptance). Please contact Admissions if you need the property number.

Recommended Marker
The Sharpie Extreme Fade Resistant is the recommended marker to use as it will last through laundering without fading.

Location of Markings
The photo displays the location where the markings should be placed in order for the numbers to be found and identified efficiently.

Underwear
Place markings just below the seam to the right side when looking at the front.

T-Shirts
Place markings just below the back seam of the neck, next to the right of the tag.

Towels
Place markings on the short side seam in the middle of the towel (on both ends).

Questions?
Please contact the quartermaster at 573-581-1776, ext. 325, or via email (james.poettker@missourimilitaryacademy.com).
